FIGHT POVERTY

10% OF SHEAMOISTURE COMMUNITY COMMERCE sales go to women-run businesses, to support communities that supply ingredients for our products, or to support the Sofi Tucker Foundation.

We founded Community Commerce to support these communities, especially those that source and make some of the key ingredients in SheaMoisture products. We help fund training and infrastructure to help them manufacture their own high quality goods in their own countries, and get fair prices for their goods and labor. This helps them to earn a better living and support their families, making a better life possible within their communities.

Ethically Traded Ingredients Sustainably Produced.
Pioneering Community Commerce & Fair Trade Since 1912.
Tested on our family for four generations. Never on animals.

It's not a donation. It's an investment in a fairer world.
