7X PERFORMANCE AMPLIFICATION

- Help the Body Generate Explosive POWER*
- Amplify Focus, Energy and Reaction Time for INTENSITY*
- Reduce Muscle and Mental Fatigue Intra-Workout for STAMINA*
- Stimulate Protein Synthesis and STRENGTH*
- Spark ATP Generation to Fuel ENERGY*
- Preserve and Power Muscle Function for Post-Workout RECOVERY*
- Pack Muscle PUMP & FULLNESS for PERFORMANCE*

GET A BOW-BREAKER

MRI® Black Powder® Pre-Workout is packed with ingredients that can help drive rock-hard results.*

MRI® Black Powder® powers your body with ingredients that help build muscle, boost blood flow and pump, sharpen your focus and increase your strength and stamina.*

Formulated with ingredients to help build muscle and deliver results, this powerhouse formula can help turn you into exactly that.*

MRI® Black Powder® fuels ATP production to promote your energy to do another rep, climb another hill, and add another pump.*

Get rock-hard results with MRI® Black Powder®. Crush your training goals and get rock-hard results.*

ENERGIZE

elevATP® has been scientifically clinical to increase cellular energy through ATP production which improves performance and stamina.*

Our **Caffeine** tri-blend of 300 mg will help you power through your workout with explosive energy.*

FOCUS

Choline Bitartrate promotes enhanced focus.*

Alpha-Glycer, also a choline compound is rapidly absorbed to engage your mind more first rep to last rep.*

Theanine and **Tyrosine** work together to create razor-sharp focus, and keep your mind and body locked & loaded during training.*

BUILD

CREATINE MagnaPOWER® + Creatine Monohydrate promote muscle building pump, fuel your performance and go for power/hoose results.*

Betaine Anhydrous works with Creatine to enhance your body's natural creatine production and help improve your training results.*

CarnoSyn® (Beta Alanine) enhances athletic performance and exercise capacity, helping you build more muscle mass during training.*

PUMP

Agmatine and **Taurine** work together to help improve your performance, stamina and recovery so you can train longer and recover faster.*

DIRECTIONS: On training days, adhere to the serving chart below. Mix with 4-6 oz of water.

DAY 1 SERVING CHART	
BEGINNER	ADVANCED
1 serving (1 scoop) 0-60 minutes before your workout	2 servings (2 scoops) 0-30 minutes before your workout

WARNING: Do not exceed recommended dose listed. This product is not intended for use by anyone under age 18, who are pregnant or lactating or have serious medical conditions including high blood pressure and a history of cardiac ailments, are taking prescription drugs, or have allergies to arginine, corn, or citrus fruit. All persons should consult a physician or your healthcare professional before using dietary supplements, as adverse reactions may have different supplemental needs. Consumption of this product may cause a temporary increase in blood pressure and heart rate. Do not exceed 300 mg. Discontinue use and contact a physician immediately if you experience any adverse symptoms. Discontinue up two weeks prior to surgery.
This product contains 150 mg of caffeine per one scoop, and may not be appropriate for stimulant-sensitive individuals. Do not use with caffeine stimulants, alcohol, nitrates, under extreme conditions of heat, sleep deprivation or dehydration.

***THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.**
