argan oil

Argania spinosa
The Gold of Morocco
Multi-Purpose Oil

Net 2 fl. oz. (59 mL)

Condition: For dry hair, scalp, skin and/or cuticles in need of natural and intensive moisture renewal.

Solution: Organic Argan Oil from Morocco is beneficial for all skin types due to its rich fatty acid content. Organic Argan Oil is a multi-functional product. It adds shine to your hair and provides moisture for your skin, hair, scalp and nail cuticles. It also helps to soothe damaged and irritated skin. Because it's easily-absorbed, Organic Argan Oil helps to maintain a healthy skin pH balance as well.

Suggested Use: For dry skin, apply a liberal amount where needed most. For hair, rub a few drops between hands and run through hair to add shine and reduce fly-aways. Or add a few drops to your favorite NOW[®] Solutions product and mix well.
