

This reparative leave-in conditioner softens and detangles hair while controlling frizz. Perfect for those who regularly color, straighten, perm or heat style their hair, as well as kinky, curly or wavy natural styles. Formulated with Jamaican Black Castor Oil and certified organic Shea Butter to nourish, moisturize and support elasticity so hair resists breakage when detangling. Conditioners provide a protective layer that improves the appearance of split ends. Peppermint stimulates the scalp for an invigorating experience.

Apply to clean, towel dried hair. Work a generous amount of product into hair from root to ends. Gently comb through for even distribution. Do not rinse. Apply additional product as needed depending on hair length and condition.

Our Story

Sofi Tucker started selling Shea Nuts at the village market in Bonthe, Sierra Leone in 1912. By age 19, the widowed mother of four was selling Shea Butter, African Black Soap and her homemade hair and skin preparations all over the countryside. Sofi Tucker was our Grandmother and SheaMoisture is her legacy. Through Community Commerce you help empower disadvantaged women to realize a brighter, healthier future.
