## Beauty that Starts from Within\*

**Collagen & Coconut Skin Revitalization™** is a unique formula designed to hydrate and revitalize your skin from within.\* Collagen may be one of the most important elements of the human skin. This complex protein makes up nearly 80% of skin and provides structure, elasticity and protection, while helping to retain moisture within the deep dermal layers.\*

As aging occurs, collagen naturally decreases over time. Sooner or later, the reduction of collagen causes the skin to become thinner, drier and more fragile, and is believed to be one of the primary causes of fine lines and wrinkles that occur in naturally-aged skin.\* This innovative formula features a full 2,500 mg of Hydrolyzed Collagen per serving.

It also features hydrating coconut water, Vitamin C and green tea extract.\* The nutrients in this product help support your youthful appearance.\* Beautiful skin doesn't happen overnight, but it does happen! Allow time for your body to respond to this intensive formula.\*
