www.SheaMoisture.com

African Black Soap, made from palm ash, tamarind extract and plantain peel has been used in Africa for centuries to treat eczema, acne, oily skin, psoriasis and other skin ailments. Combined with the healing and hydrating properties of Shea Butter, this healing soap should be used daily to balance and resolve problem skin.

Our Story

Soft Tucker started selling Shea Nuts at the village market in Bonthe, Sierra Leone in 1912. By age 19, the widowed mother of four was selling Shea Butter, Black Soap and her homemade hair and skin preparations all over the countryside. Soft Tucker was our grandmother and SheaMoisture is her legacy. With this purchase you help empower disadvantaged women to realize a brighter, healthier future.
