

Vitamin Code™ Men's Formula is specifically formulated to meet the unique nutritional needs of men, providing **RAW Food-Created Nutrients™** for targeted delivery of vitamins and minerals. Your body recognizes nutrients from food best. Each individual nutrient from food comes with its own unique co-factors to tell your body where to use it for maximum benefit. These co-factors can be removed when nutrients are isolated from food or synthesized in a lab, inhibiting their ability to nourish your body. Individually cultivated with their "Code Factors™" intact, proprietary **Vitamin Code RAW Food-Created Nutrients™** are naturally recognized by your body and nourish as intended by nature for energy and support of a healthy heart, normal digestion and a healthy prostate.†
