“This incredible oral compound has the power to make your skin younger. It won’t just **look** younger... it will actually **be** younger.*”

UniLastin®

THE EUROPEAN WRINKLE PILL...

Specifically developed to rebuild your skin, make it thicker, more dense, and thus less likely to sag. UniLastin decreases wrinkle depth and rebuilds the skin’s underlying structural matrix.* And because UniLastin works systemically (throughout the body), it improves your skin everywhere... like a facelift for your entire body.

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 30

	Amount Per Serving	% Daily Value

DIRECTIONS: Adults take two (2) capsules daily in the morning after breakfast. Individual results will vary.

WARNING: Do not exceed suggested daily serving. Not for use by individuals under the age of 18 years. Consult your physician before use if you are pregnant, nursing, taking medication, or have a medical condition. Use only as directed. Keep out of reach of children.

If you or your health-care provider have any questions, please call: 1-800-898-5153.

Note to the People of California: The following notice is required by California’s Safe Drinking Water and Toxic Enforcement Act of 1986, better known as Proposition 65. This notice does not apply to any other state in the Union.

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

To put this notice in perspective, the value of lead contained in UniLastin is well within the range and below the mean value of naturally occurring lead levels found in plants growing in non-contaminated soils. A person eating the USDA-recommended 3-5 servings of vegetables daily could consume up to ten times more lead than the stringent maximum recommended by California.

This box was designed in an oversized manner to prevent pilferage. The actual size of the capsule is printed on the front of the box.

THE EUROPEAN WRINKLE PILL...

Have you ever noticed how topical cosmetic skin creams always talk about improving the “appearance” of the skin or “visibly” reducing wrinkles? They all contain wussy “appearance” qualifiers, because none of them will claim they change the skin’s structure (not even Dr. Perricone or La Mer, with their \$300 wrinkle creams, just to mention two[†]). That’s why UniLastin, with its revolutionary new “anti-wrinkle” compound, is causing such a stir. It has the power to make your skin younger. It won’t just **look** younger... it will actually **be** younger.*

We’re talking about *actually* rebuilding your skin, *actually* making it thicker, more dense, and less likely to sag, *actually* decreasing wrinkles... not merely the “look” of wrinkles, but *literally* decreasing their depth, thereby *actually* smoothing the skin as it improves the skin’s underlying cellular matrix.* There’s not a single cosmetic moisturizer, serum, or cream out there that will make those kinds of structure claims. And because UniLastin works from the inside out, throughout the entire body, it’s able to improve the skin everywhere, from the face, neck, and décolleté to crepey arms, loose abdominal skin... even buttock sag and elbow wrinkles.*

It’s like a facelift for your entire body... from the end of your nose to the tips of your toes!
