

Bio-Oil® is a specialist moisturizing oil that smooths and tones scars, stretch marks and uneven skin tone. It is also effective for aging and dehydrated skin.

The Bio-Oil® formulation is a combination of plant extracts and vitamins suspended in an oil base. It contains the breakthrough ingredient PurCellin Oil™, which changes the formulation's overall consistency, making it light and non-greasy, ensuring that the goodness contained in the vitamins and plant extracts is easily absorbed.

It is recommended that Bio-Oil® be applied twice daily for a minimum of 3 months. It should be massaged in a circular motion until fully absorbed. During pregnancy, Bio-Oil® should be applied from the start of the second trimester to areas that are prone to stretch marks such as the abdomen, breasts, lower back, buttocks, hips and thighs.

Bio-Oil® is intended for topical cosmetic application only.

- ✔ Vitamins A & E
- ✔ Calendula, Lavender, Rosemary & Chamomile Oils
- ✔ Face & body
- ✔ Non-greasy
- ✔ Rapidly absorbed
- ✔ Hypoallergenic
- ✔ Suitable for sensitive skin
