

All men are affected by Andropause, the male version of Menopause, as they age. AMIDREN ANDRO-T is the first formula designed specifically for men to help combat some of the symptoms of Andropause.<sup>†\*</sup>

Breakthrough research shows that the select ingredients used in AMIDREN ANDRO-T may help prevent some of the symptoms of Andropause such as decreased sex drive, mood changes, increased body fat, low energy, loss of lean muscle and a decrease in bone mass.<sup>†\*</sup>

Formulated by specialists in the field of anti-aging and natural hormone modulation, AMIDREN ANDRO-T has been carefully formulated by physicians to address Andropause using an advanced 5 Stage Hormone Modulation approach to help you "Live at Your Peak."<sup>†\*</sup>

#### Directions:

Take two tablets once daily with or without meals.
