

THE MOST HARDCORE AND EXPLOSIVE PRE-WORKOUT EXPERIENCE!

The next evolution of pre-workout is here. New #Shatter SX-7[®] Black Onyx™ is a scientifically advanced pre-workout guaranteed to unleash unrivaled energy, focus and intensity. Powered by clinically dosed key ingredients, #Shatter SX-7[®] Black Onyx™ delivers serious muscle gains and boosts strength. With real, scientifically studied results and a sensory that is second to none, new #Shatter SX-7[®] Black Onyx™ will help you #Shatter your personal records and plateaus.▲

1. ¹ PEAK ATP[®] (Adenosine 5'-triphosphate disodium) – Hard-training subjects who supplemented with PEAK ATP[®] in a 12-week human clinical study at the University of Tampa increased strength by 147% more than subjects using a placebo. Even better, these same subjects gained 8.8 lbs. of lean muscle versus the placebo group, which only gained 4.6 lbs. – that's 90% more lean muscle. The PEAK ATP[®] compound also forces crazy muscle pumps unlike anything you've ever felt.▲

2. *Scutellaria* – An herb native to Asia that contains baicalin (a flavonoid), which contributes to the extreme sensory experience.

3. Beta-alanine – Unlike the other guys, #Shatter SX-7[®] Black Onyx™ features a full, 3,200mg dose of beta-alanine in 2 scoops. This dose has been shown in scientific research to enhance the muscle- and strength-building process.▲

4. Satsuma orange – An ancient Japanese citrus fruit containing the unique carotenoid compound beta-cryptoxanthin.

5. Caffeine – #Shatter SX-7[®] Black Onyx™ delivers a potent dose of scientifically researched caffeine – 25% more than #Shatter SX-7[®] and more than the other guys.▲

6. *Myristica fragrans* – A nutmeg seed that contains a premium compound called myristicin, which contributes to the unique sensory experience.

7. Yohimbe – A bark extract supplying a potent dose of the active compounds yohimbine and rauwolfscine.

*Percent daily values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Maltodextrin, Citric Acid, Malic Acid, Natural And Artificial Flavors, Acesulfame-Potassium, Calcium Silicate, Silicon Dioxide, Sucralose, FD&C Blue No. 1. **Processed in a facility that processes egg, milk, peanut, shellfish, soy and wheat ingredients.**

Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F).

▲These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DIRECTIONS: Mix 2 servings (2 scoops) with 12 oz. of water and consume 30 to 45 minutes before your workout. Stimulant-sensitive individuals should assess their tolerance before using. Do not exceed 2 scoops within a 24-hour period.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Consult a medical doctor if you have a medical condition or before starting any diet or exercise program. One serving of this product contains up to as much caffeine as 2 cups of coffee. Caffeine-sensitive individuals may experience symptoms including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate or difficulty sleeping. Do not combine with other sources of caffeine or stimulants. Some individuals may experience a harmless tingling sensation from the concentrated performance dose of beta-alanine. **KEEP OUT OF REACH OF CHILDREN.**

#Shatter SX-7[®] Black Onyx™ is manufactured according to cGMP standards, as is required for all dietary supplements.
