Directions: As a natural food take one tablespoon daily. Also, add to shakes and smoothies. An ideal sweetener for baking.

Date-o-Power™ is the only 100% natural mountain-grown Mediterranean date concentrate available. All other sources derive from commercial dates. This is the original date concentrate, made by the same old-fashioned methods used for centuries. Notice the exceptional taste and aroma of this date concentrate. This is because of the rich soils upon which these dates grow. This is a natural fruit concentrate, free of sugar. Natural source of antioxidants.
