Chamomile with Lavender

Sipping this **flower rich tea** is like aromatherapy for your digestive and nervous systems, which are calmed by the **comforting effects of the essential oils** in the chamomile and lavender flowers.* To ensure a soothing effect, our chamomile and lavender are a cut above what you'll find in most teas.* Some of our favorite lavender comes from **small organic farming plots** in Bulgaria, while our chamomile is from **Fair Trade Certified™ family farmers** in Egypt.

We've Got the Right Stuff

We raise the bar. The quality standard of the herbs we use is hard to pronounce, difficult to meet, and it's what makes us different, better. We're not ashamed to say it. **Pharmacopoeial**: it's the only quality standard our herbalists can rely on when blending teas for your health and wellness.
