

MT™
FORGED TO BE THE BEST.™

At MuscleTech®, our team is passionate about supplements. Our mission is to develop the most scientifically advanced and effective supplements to help you build muscle and strength, lose weight, and improve athletic performance. Thanks to our millions of loyal customers, we are fortunate to be the best-selling sports nutrition brand over the past 20 years.

Many supplement companies do not disclose their ingredients, or demonstrate a commitment to constant innovation. We are different. MuscleTech® invests heavily in product research and development, and quality control – and our supplement facts always tell you EXACTLY what you are getting.

MuscleTech® is the Leader in Bodybuilding – A portion of every dollar spent on MuscleTech® supplements is allocated toward scientific research to discover new and more effective ways to increase lean muscle and strength, and improve athletic performance. In fact, Team MuscleTech® has collaborated with researchers at over 20 universities and research facilities around the world to study the various key ingredients found in our powerful formulas.
