

NO2 RED EXTREME® delivers what you want most - a nitric oxide rush. Five full phases of nitric oxide (NO) amplification plus a niacin-fueled rush drives extreme hemodilation. As each phase drives NO higher and higher, niacin launches "real time", muscle-tingling waves of sub-surface circulation.*^

DIRECTIONS: Take 3 caplets 30 minutes before breakfast on an empty stomach.

WARNING: Consult your healthcare professional prior to use if you have or suspect a medical condition, including high blood pressure and a history of cold sores, are taking prescription drugs, or have allergies to arginine, milk, corn, or citrus fruit. Do not use if you are pregnant or lactating. Not intended for use by individuals under the age of 18 years. Do not exceed the recommended intake.

KEEP OUT OF THE REACH OF CHILDREN. STORE AT 59-86°F (15-30°C). PROTECT FROM LIGHT AND MOISTURE.

*Ingredients in MRI NO2 RED EXTREME® help support healthy homocysteine levels already in the normal range and help promote exercise recovery.
