

USAGE: Take 1 capsule 1 or 2 times per day, preferably on an empty stomach or after a workout or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (including psychotropic medications), consult your qualified healthcare professional before using this product.

L-Glutamine – the most abundant amino acid in the human body – is involved in many metabolic processes, including the synthesis and protection of muscle tissue, the production of glycogen, as well as immune support during periods of immune and muscular stress.* L-Glutamine is also a major source of fuel for enterocytes (intestinal cells) and hence supports the integrity of the intestinal lining.*

Keep out of the reach of children.
Store in a cool, dry place.
