

Fennel

Fennel (*Foeniculum vulgare*) was first cultivated by the ancient Romans, who used the fruits of the plant as a culinary ingredient. Fennel was also traditionally used to help alleviate bloating and gas.* The plant's use as both a popular culinary ingredient and a digestive aid continued to grow over the centuries.*

Alvita Fennel Tea is made with premium-quality, organic fennel seeds, and has a sweet aroma and flavor reminiscent of licorice or anise.

Directions for use:

We recommend 3 cups daily.

- Add sweetener if desired
- Naturally caffeine free

HOW TO BREW

The Alvita Story...

In 1922, a new era for tea consumption began in America. The herb alfalfa, long known for its beneficial nutrients, was packaged in tea bags and sold to an emerging health food market. This product became known as Alvita and set the standard for future herbal teas. Today, Alvita represents more than forty single-ingredient teas, each one uniquely distinct, just like the individuals who drink them.

Alvita chooses only the highest quality organic, wild-crafted, or cultivated botanicals, perfectly prepared to provide you with the best Mother Nature has to offer. Historical and scientific literature is painstakingly studied to ensure that the correct traditional plant and most appropriate servings are used, delivering premium flavor and quality.

Herbs are gifts from the earth. Alvita takes its stewardship seriously by offering carefully harvested teas in earth-friendly packaging. Our beautifully illustrated boxes are made using recycled paperboard and our English, pillow style tea bags are oxygen bleached, not chlorine treated. You won't find a better product, with a cleaner package... anywhere.

*Alvita... brewed with confidence,
steeped in tradition.*
