

Performix Iridium SSTⁱ is a premium, multi-phase thermogenic providing explosive energy, maximum thermogenesis and peak cognitive performance. With 16 synergistic ingredients, this advanced formula not only provides targeted nutrient delivery, but also collaborates with the body's biochemical processes to take your performance to the next level.

BALLISTIC BODY ENERGY An ample dose of Vitamin B12, along with Yohimbine HCl, deliver sustained energy by inhibiting metabolic breakdown of key actives with BioPerine[®] and utilizing multi-particulate delivery technology.^{1,2}

ACCELERATED FAT METABOLISM Caffeine elevates the body's basal metabolic rate while CLA and L-Carnitine significantly ramp up your metabolism. Together these ingredients burn fat and support lean muscle development creating a synergistic fat shredding complex.^{1,4}

COGNITIVE PRIMING TeaCrine[®], Theacrine, Cognizin[®], Citicoline, Huperzine A and Alpha-GPC prime the body for intense workouts, delivering an amplified nootropic effect, igniting acute mental focus and fueling endurance.¹
