Directions: As a natural food take one tablespoon daily. Also, add to shakes and smoothies as well as yogurt. Ideal in whole organic milk. Drizzle over natural desserts. Or, as a source of antioxidants take a tablespoon daily.

Car-o-Power™ is the only 100% natural and mountain-grown wild Mediterranean-source carob pod concentrate available. All other sources derive from commercial carob pods. This is the original carob pod concentrate, made by old fashioned methods used for centuries. Notice the exceptional taste and aroma of this Car-o-Power™. Carob is rich in flavonoids, which naturally support the health of the body. Carob concentrate is richer by weight in antioxidants than even pomegranate, red grape, and green tea.
