

Beauty Enzymes® 2.0

This advanced formula of Beauty Enzymes® helps your body break down foods that may cause gas, bloating, and other digestive discomforts. This includes legumes, milk, soy, cereal grains, proteins, sugars, and starches. Along with aiding digestion, enzymes also regulate internal metabolic reactions and can assist in obtaining optimal weight, accelerating the detoxification process, and increasing nutrient assimilation.

The Sunfood Difference™

Beauty Enzymes® 2.0 is a proprietary blend of proteases, carbohydrases and lipase with a broad specificity for a wide variety of foods that may cause digestive discomfort. This product is designed to work in the wide range of pH variations found in the digestive tract for maximum effectiveness. Beauty Enzymes® 2.0 is plant-based, free of genetically modified organisms (GMOs), never irradiated, and held to the highest quality specifications and purity requirements.

Trace Minerals.....	30mg
from vegetable source	
Serrapeptase.....	80,000 SU

† Daily value not established

** Enzymes are quantified in FCC units whenever possible

Other Ingredients: Vegetable cellulose (capsule)

Suggested Use: Begin by taking one capsule before each meal, as it can greatly assist with digestion. When taken on an empty stomach, Beauty Enzymes® can have a more cleansing and detoxifying effect.

Storage: Store in a cool, dry place.

Warning: Do not use if you are pregnant, suffer from ulcers or are protease sensitive.

May contain a desiccant pack.

Do not eat.

The statements on this package have not been evaluated by the Food & Drug Administration. This product is not intended to treat, diagnose, cure or prevent any disease.
