

MUTE™ IS A NASAL BREATHING DEVICE
DESIGNED TO INCREASE AIRFLOW
THROUGH YOUR NOSE DURING SLEEP
BY GENTLY OPENING YOUR AIRWAYS.

By breathing more freely through the nose, Mute
may reduce the effects of night-time nasal congestion
and may reduce snoring. Each device can be used up
to 10 times. Each pack contains 1 x small, 1 x medium
and 1 x large device.

Mute fits discreetly
in the nose.

HOW TO USE.
