

**FORCE
FACTOR**

THE SCIENCE OF MALE SUPREMACY

Test X180 Genesis™ targets the trinity of masculinity: **strength, cognitive primacy, and sexual aptitude.**

KSM-66®, a specially concentrated form of ashwagandha, has been shown in clinical studies to improve strength and endurance, while another rare ingredient, Testofen®, helps to increase lean muscle mass.†

KSM-66 also works to ensure you maintain your mental edge. While it reduces stress, it also promotes brain function and processing, sharpens mental clarity, improves focus and attention, and supports healthy memory.

Testofen has been shown to have a significant impact on male vitality and virility. After strength training, unbound testosterone increases, heightening sex drive and libido. Physical performance and masculinity rise to an entirely new level.

Test X180 Genesis is guaranteed to help you discover what it means to be the ultimate man — the man God intended you to be.

DIRECTIONS | Take 2 capsules with breakfast and 2 capsules with dinner.
