organic Peppermint

We've been getting our organic peppermint from the **good folks** at Trout Lake Farm in the Pacific Northwest for over three decades. They were one of the pioneers in the development of the organic movement, and **kindred spirits** in our search for highest quality, sustainably produced herbs. After all these years, they still provide us with organic peppermint so **rich in essential oil**—which gives mint its characteristic taste—you'll notice it by the **tingling sensation** in your nose from the moment you put the tea bag in your cup.

We've Got the Right Stuff

We raise the bar. The quality standard of the herbs we use is hard to pronounce, difficult to meet, and it's what makes us different, better. We're not ashamed to say it. **Pharmacopoeial**: it's the only quality standard our herbalists can rely on when blending teas for your health and wellness.
