

Solgar® has been crafting nutritional supplements for generations—over 65 years.

And just like all our supplements, U-Cubes™ Calcium With D3 Gummies benefit from the extensive science and knowledge behind our name. These beneficial gummies can be taken alone or in combination with Solgar U-Cubes™ Multivitamin Gummies. Each serving of tapioca-based U-Cubes™ Calcium With D3 provides the pediatrician-recommended dosage of Vitamin D3*...600 IU (per 4 gummies) offers 150% DV of Vitamin D3 for children 4 years and up...and 75% DV (300 IU, per 2 gummies) for children 2 and 3 years of age. Vitamin D3 assists in the absorption of calcium to promote healthy bones and teeth.* It also supports immune-system health.* U-Cubes™ Calcium With D3 Gummies are made the Solgar way. That means that they're crafted in small batches to help ensure the highest quality. They're also non-GMO plus rigorously tested for safety and potency...but never animal tested. The result? A great-tasting gummy that U can be sure is great for your children.
