Medical Scientists Internationally are encouraging people to eat more fish. Fish body oil is a major source of the polyunsaturated omega-3s EPA and DHA.

For those individuals who do not eat an oily fish diet, Carlson offers the omega-3s EPA and DHA in easy-to-swallow soft gelatin capsules.

Each Carlson Norwegian Salmon Oil soft gel contains 1000 mg (1 gram) of fish oil extracted from salmon and other fish found in deep, pristine waters.*

✓ **Gluten-free** ✓ **Preservative-free**

* Contains over 50% salmon oil.

PURITY GUARANTEED

This product is regularly tested (using AOAC international protocols) for freshness, potency and purity by an independent, FDA-registered laboratory and has been determined to be fresh, fully-potent and free of detrimental levels of mercury, cadmium, lead, PCBs and 28 other contaminants.
