

Flaxseed Oil is one of the premium sources of Alpha-Linolenic Acid (Omega-3), an essential fatty acid that can't be made by the body and must be obtained from diet. The oil is derived from the seeds of the Flax plant (*Linum usitatissimum*), one of the most concentrated vegetarian plant sources of Omega-3 fatty acids found in nature. Omega-3 Alpha-Linolenic Acid from Flaxseed Oil helps to support cardiovascular, immune and skin health. This formulation offers premium, organic Flaxseed Oil, cold pressed without the use of chemical solvents.*
