Suggested Usage: Take 3 capsules 1 to 3 times daily. Take with water or unsweetened juice, such as unsweetened cranberry juice.

D-Mannose is a naturally occurring simple sugar that is metabolized only in small amounts by the body, with the remainder being rapidly excreted with the urine. In the urinary tract, D-Mannose interferes with particle attachment and allows everything to be flushed out in the urine stream.* Clinical studies have demonstrated that when taken regularly, D-Mannose can help to maintain a healthy urinary tract.* Because insubstantial amounts of D-Mannose are used by the body, it does not interfere with healthy blood sugar regulation.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Do Not Eat Freshness Packet. Keep in Bottle.

Natural color variation may occur in this product.
