Take your performance to the next level with ISO•100.

You expect only the best from yourself and your nutrition. **DYMATIZE ISO•100®** is one of the most advanced and effective proteins available and was developed to give you 100% of what you need to support muscle growth and achieve your ambitions.

The Fastest-Acting Protein. **ISO•100** provides 25 grams of super-fast absorbing 100% whey protein isolate and has been hydrolyzed for even faster absorption and digestion. It delivers quick amino acid replenishment, perfect first thing in the morning to stop catabolism or after intense training to speed your recovery. Each serving of **ISO•100** has 5.5 grams of BCAAs including 2.7 grams of L-Leucine, the BCAA that is directly involved in optimizing Muscle Protein Synthesis to ensure your workouts are not going to waste.

The Highest Level of Purity. **ISO•100** uses only whey proteins derived from cross-flow microfiltration processing (cold-filtered) to preserve the many important whey protein fractions including lactoferrin and immunoglobins, which can be lost in other forms of processing. We have carefully formulated **ISO•100** to deliver more of what you want, and less of what you don't want: free of gluten, fat and lactose, plus less than one gram of sugar. With only a short list of ingredients, it is easy to see why **ISO•100** is one of the purest proteins available. In addition, **ISO•100** is produced in our own GMP manufacturing facility and is Informed-Choice® Trusted by Sport certified providing assurance to the athletic community that **ISO•100** is free of banned substances.

New Improved Taste. Dymatize has taken flavor to a whole new level! Our in-house flavor specialists worked long and hard to create an even more delicious taste. **ISO•100**, the reward you deserve for all your hard work and dedication. So delightfully delicious, you will look forward to the next shake.
