Store in a cool, dry place.

## For use in cats only.

### Recommended to support joint health.

This premium hip and joint soft chew is a delicious alternative for cats who have an aversion to pills. It is scientifically formulated with high-quality ingredients to support connective tissue and help maintain normal, healthy joint function and mobility. It includes beneficial glucosamine and chondroitin, structural components of joint tissue that help maintain joint function. This advanced formula also features MSM, which contains sulfur, an important component of joint cartilage.

Your pet will love the yummy chicken flavor and the chewy texture!

### Directions for Use:

Adult Cats..... 2 soft chews daily  
Daily amount may be given once in the AM and once in the PM. For quicker results, double the recommended amounts above for the first 6 weeks. **Do not give to cats under 6 months of age.**

**WARNINGS:** For animal use only. Keep out of reach of children and animals. Your pet may consider this a treat. In case of accidental overdose, contact a health professional immediately.
