KetoLogic™ Meal Replacement

is a convenient fuel source for everyone, including those on a low carb or ketogenic diet.

Start your day with **KetoLogic™ Meal Replacement**, eat a sensible lunch, then drink KetoLogic™ BHB during afternoon energy “slumps”, or before/during exercise, to help fuel mental and physical performance.

KetoLogic™ Meal Replacement is anchored with Coconut Oil and Medium Chain Triglycerides (MCTs), which the body converts to ketones. Ketones are a superior fuel that are efficiently used by muscles and the brain, generating more energy (ATP) per unit of oxygen consumed than carbs or protein.

Fuel Your Best™ with **KetoLogic™ Meal Replacement**.

RECOMMENDED USE: Foods high in MCT can possibly cause gastrointestinal (GI) discomfort. Begin by taking ½ scoop until personal tolerance is reached.

Mix 1 scoop with 6 – 8 oz. of water (adjust for taste preference). Shake well and consume slowly.

** For best results, use with a low carb or ketogenic diet and an exercise program.

STORE IN A COOL DRY PLACE
