

Vitamins

Family owned since 1968.

Suggested Usage: Take 1/2 level teaspoon 1 to 3 times daily, in juice or water.

Vitamin C is a water soluble nutrient well known for its vital role in the immune system.* Vitamin C is necessary for the production of collagen (a structural protein in connective tissue) and is therefore important for skin, bone, and joint health.* Vitamin C is needed for amino acid metabolism and the utilization of many nutrients such as folic acid and iron.* It is also a highly effective antioxidant that can protect the body's cells and molecules from damage by free radicals and reactive oxygen species generated during normal metabolism and exposure to environmental stressors.*
