CAUTIONS: Safe use in pregnant animals or animals intended for breeding has not been proven. Do not use in dogs that are sensitive to aspirin or dogs with concurrent gastrointestinal disease or ulcers, bleeding problems and in those with liver or kidney impairment. If vomiting, diarrhea, depression or loss of appetite, or darkening of the stool occurs, stop administration and consult your veterinarian. Do not give aspirin to dogs currently on anticoagulants or on medication to treat arthritis unless directed to do so by a veterinarian.
