of Whole-Body Wellness...
Detoxify • Cleanse • Rebuild

Who is Nature's Secret?

The conventional approach to health sees the body as a set of separate parts, each needing their own separate treatments. Take a look at the way our medical system is organized - from cardiologists to dermatologists, we have a doctor for nearly every body part. But nature has a well-kept secret... there is no separation between any of our systems. They are all intricately connected in a brilliant dance only nature could orchestrate. At Nature's Secret, we develop our life-changing products using this whole-body philosophy. We understand, for example, that low energy is often caused by sluggish digestion and shouldn't always be treated with caffeinated energy pills. Using delicate mixtures of healing herbs and botanicals, we treat imbalance itself, not just the symptoms of imbalance. That is Nature's Secret, total body wholeness and wellness.

Super Cleanse™

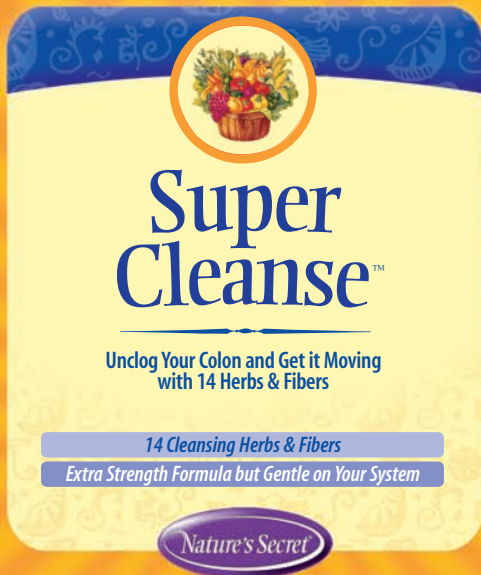

Our diets are filled with livestock hormones, preservatives, pesticides and even parasites. And to make matters worse, you carry this toxin laden "gunk" in your digestive system for way too long because our modern low-fiber diet causes your digestion to become slow. If you have a slow or "stubbom" colon, Super Cleanse gets rid of the clogging, toxic junk in your body so that you feel trim, youthful and vibrant.

Super Cleanse cleans out your digestive tract with a synergistic blend of rare natural herbs and fibers. Much more than a high fiber cleansing formula, Super Cleanse contains rich nutrients such as Chlorella, and life-giving probiotics including Lactobacillus Acidophilus to improve your digestion.
