

**USAGE:** Take 1 to 3 capsules per day 30 minutes before or after a meal, preferably 1 before or after a meal, or as directed by your qualified healthcare professional.

**BroccoMax®** has been demonstrated *in vitro* to yield approximately 8 mg of sulforaphane per DR capsule containing 30 mg of SGS.

**BroccoMax®** uses a patented process that preserves myrosinase, the enzyme in broccoli that metabolizes SGS (Sulforaphane Glucosinolate, a.k.a. glucoraphanin) in the small intestine into sulforaphane.

Sulforaphane is a potent inducer of Phase 2 detoxifying liver enzymes and helps protect cellular DNA and promotes healthy cell replication and liver health.\*

**NOTE:** If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Keep out of the reach of children.
