and d-BETA TOCOPHEROL

NATURAL ANTIOXIDANT\*

GLUTEN, WHEAT & DAIRY FREE

**100 SOFTGELS**

DIETARY SUPPLEMENT

Vitamin E is an essential nutrient and is the body's primary, fat-soluble antioxidant. Vitamin E provides nutritional support for the many cells, including heart muscle cells, and the immune system. It helps fight cell-damaging free radicals that cause oxidative stress in the body, which may contribute to the premature aging of cells. This formulation provides natural source Vitamin E as d-Alpha tocopherol, and mixed tocopherols including d-Gamma, d-Delta and d-Beta Tocopherols. It is offered in oil-based softgels to promote optimal absorption and assimilation.\* This product contains 670 mg of Vitamin E. This can also be measured as 1000 IU.

Carefully Manufactured for:  
Solgar, Inc., 500 Willow Tree Road
