

Directions: Take 40 drops (two dropperfuls) under the tongue once or more daily. Add to tea, juice, or smoothies. Shake before using.

Bet-u-Power is the power of raw, wild, remote-source white birch bark. Birch bark is a top source of potent sterols known as betulin and betulinic acid. These sterols are the subject of extensive research and are heart-healthy. Sterols have a high electrical charge and are needed by cell membranes. Take wild Bet-u-Power daily for better health.
