## Certified Organic Cacao Powder

Our organic 100% pure cacao powder is an incredible superfood filled with beneficial nutrients. It's loaded with manganese, copper, potassium, zinc, iron, selenium and magnesium – which may contribute to normal bone health and healthy immune function. Ancient Aztec and Maya cultures revered cacao for its energy-boosting properties and divine flavor. This “food of the gods” will add a delicious chocolate twist to your favorite smoothies and recipes. Try it yourself!

## The Sunfood Difference™

Our Cacao Powder is made from only the finest variety of certified organic cacao beans, which have never been genetically modified. Our cold-pressing process reduces the fat content of the cacao, allowing us to grind it down to create a fine, richly flavored, easy-to-use powder. Through this low temperature process, we are able to preserve the delicate nutrients and true, natural taste of cacao.
