\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Research has shown bodybuilders and athletes can benefit from increased consumption of glutamine, especially post-workout.\* During a training session, glutamine levels may drop as much as 50%.\* Combining four unique forms of the glutamine molecule, **Glutamine MTX™** offers a more bioavailable complex of glutamine that supports protein synthesis, glycogen uptake and immune function, while simultaneously assisting in overall recovery.\*
