

Congratulations on your new baby!

Remember Mom, it is important to take care of yourself too, especially now, when your body is under added stress as a result of the baby you are caring for.

If you're pregnant, thinking about becoming pregnant or breastfeeding, it's recommended that you take a good pre-natal vitamin throughout your childbearing years.

Twinlab's Pre-Natal Care is a complete multivitamin specifically designed with you and baby in mind. One bottle provides a 2-month supply of 19 essential vitamins and minerals, plus other key nutrients.

TWINLAB®
INFANT CARE™
MULTI VITAMIN DROPS with DHA*
• *Nutrient found in breast milk that helps enhance infant brain & eye development**

Dietary Supplement 1 2/3 FL. OZ. (50mL)

Clinical studies show that DHA, an important nutrient found in breast milk, helps **enhance brain and eye development in infants.***

Twinlab Infant Care drops provide this important nutrient for your baby, as well as 100% of the daily value of **ten recommended vitamins.**

The highest quality vitamin sources, including **100% NATURAL Vitamin E** are used.
