

PLATINUM HYDRO WHEY

NATURALLY OCCURRING AND ADDED AMINO ACID PROFILE

ESSENTIAL AMINO ACIDS (EAAs)	CONDITIONALLY ESSENTIAL AMINO ACIDS (CAAs)	NONESSENTIAL AMINO ACIDS (NAAs)
Tryptophan	Arginine	Aspartic Acid
Valine	Cystine	Serine
Threonine	Tyrosine	Glycine
Isoleucine	Histidine	Alanine
Leucine	Proline	
Lysine	Glutamine & Glutamic Acid	
Phenylalanine		
Methionine		

Typical amounts per serving

~15.5 G ~9.8 G ~6.6 G

THE TRUE STRENGTH OF HYDROLYZED WHEY PROTEIN ISOLATES
 PLATINUM HYDROWHEY® is the most advanced whey protein we've ever developed. In a word: Excellence. By hydrolyzing whey protein isolates to break larger proteins down into smaller pieces, these ultra-pure whey isolates are able to get into your system rapidly, enabling your muscles to start recovering from heavy training. We've also dialed up this ultra pure and rapidly-digesting formula with added micronized Branched Chain Amino Acids (BCAAs).

SMALLER PIECES = BIGGER RESULTS

SCHEMATIC ILLUSTRATION

BEYOND THE BASICS

- Made with Advanced Hydrolyzed Whey Protein Isolates for Fast Delivery.
- 30 Grams of Ultra-Pure Protein.
- Nearly 9 Grams of Naturally Occurring and Added Leucine, Isoleucine, and Valine (BCAAs) per Scoop.
- Instantized to Mix Easily with a Spoon.

DIRECTIONS:

PLATINUM HYDROWHEY® is instantized, so it always mixes up easily and completely. Simply add 1 rounded scoop of PLATINUM HYDROWHEY® to a blender, shaker cup, or glass filled with 10-12 ounces of cold water, milk, or your favorite beverage and blend, shake, or stir for 20-30 seconds or until powder is dissolved. **TIP:** Adjust the flavor of your PLATINUM HYDROWHEY® shake by varying the amount of liquid you use to prepare it. For a slightly thicker consistency with bolder flavor, mix each scoop with 6-8 ounces of water. For a milder tasting less sweet shake, use 14-16 ounces of liquid per scoop.

STACK YOUR SHAKE: By adding dietary supplements including creatine, BCAA, and carbohydrate powders you can make PLATINUM HYDROWHEY® an even better workout product. **TIP:** Use faster-acting PLATINUM HYDROWHEY® during the day and more slowly digested PLATINUM TRI-CELLE CASEIN™ at night for around-the-clock amino acid coverage.

SUGGESTED USE: For healthy adults, consume enough protein to meet your daily protein requirements with a combination of high protein foods and protein supplements throughout the day as part of a balanced diet and exercise program.

STORE IN A COOL, DRY PLACE. CONTENTS SOLD BY WEIGHT NOT VOLUME.
