### OUR STORY

In 2006, Never Too Hungover Founder Parrish Whitaker's dad donated a kidney to his sister who was then battling the deadly autoimmune disease Lupus. Both of their recoveries were enhanced by a nutrient-rich antioxidant formula prescribed by their family's holistic doctor. Being so impressed by this formula due to it quickly returning both family members back to full health, Parrish began experimenting with other uses of it and found that it was incredibly effective in helping prevent or recover from a hangover. It worked so well he felt that this revolutionary finding should be shared with the world and thus NEVER TOO HUNGOVER was born. After years of development, perfecting the formula, packaging, and taste; NEVER TOO HUNGOVER is now available for the masses. Helping people drink smart, stay productive, and feel great! - E. Parrish Whitaker IV - Founder
