Scar Gel

Softens, smooths and helps reduce the appearance of scars

Gel anticicatrice

This greaseless, pleasant-smelling gel contains a unique blend of botanical extracts that softens, smooths, and helps to diminish the appearance of scars.

Excellent for scar tissue, stretch marks, calluses and other skin hardenings.

Allantoin and Panthenol help heal, rebuild and add suppleness to your skin.

Onion Extract (Allicin) is an antibacterial, antifungal and antiviral herb.

Directions For Use: For new scars, apply 3-5 times daily for 8 weeks. For old scars, apply twice daily for 3-6 months. For better results, massage for 3-5 minutes per application.
