

USAGE: Take 2 tablets per day (one in the AM and one in the PM), preferably 30 minutes before meals, or as directed by your qualified healthcare professional.

NOTE: Individuals with a medical condition (especially hyper- or hypotension), who are pregnant, lactating, or trying to conceive, are under the age of 18, or are taking medications (especially for blood pressure control) should consult a healthcare professional before using this product.

Glycostat® is a clinically tested, patent pending, proprietary extract of wild bitter melon shown to be superior in published research. Bitter melon has been used traditionally to support cardiovascular and metabolic functions.* Certain wild genotypes, including Glycostat®, may positively influence the body's nitric oxide and angiotensin converting enzyme (ACE) systems.* Glycostat® supports blood pressure and blood sugar already in the normal range.*

Keep out of the reach of children.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
