HUMBLE BEGINNINGS

Nubian Heritage is the brainchild of two New York street vendors. In 1992, fresh out of college and without jobs, Rich and Nyema embarked on a mission to produce luxurious natural products from traditional African recipes with organic and fair trade ingredients. Today Nubian Heritage offers hundreds of culturally authentic natural products inspired by global ancient healing philosophies. Although Nubian Heritage products are no longer made in bath tubs, little else has changed; the company still makes its own products, still uses fair trade and organic ingredients and still invests in community commerce.

HERITAGE

Black Seed Oil, Nigella Sativa, can be traced back more than 3,000 years to the Assyrians and ancient Egyptians. Discovered in the tomb of King Tutankhamen, Black Seed Oil was reportedly used by Queen Nefertiti to maintain her exquisite complexion. Black Seed earned the Arabic appellation "habbatul barakah", the seed of blessing, for its powerful properties. Honey has traditionally been used to comfort and soothe the skin.
