

Scivation XTEND GO™ is the perfect BCAA solution for weight-training enthusiasts, serious bodybuilders and avid powerlifters looking for:

- **BCAAs to support muscle growth†**
- **Intensity during workouts or anytime energy†**
- **Recovery and replenishment†**

Designed for intra-workout consumption, but highly functional both before and after training, **Scivation XTEND GO™** is the go-to supplement to promote focus and energy while concurrently supplying hypercritical branched-chain amino acids for muscle growth support and recovery.†

Scivation XTEND GO™ contains 7g of BCAAs — in the nature-designed and widely-researched 2:1:1 ratio — along with Glutamine and Citrulline Malate. Additionally, the Scivation XTEND GO™ Nucleus contains a combination of Caffeine, L-Theanine, and *Sceletium tortuosum* for productive intensity, pinpoint focus, and constructive energy. Plus, with hydration-promoting electrolytes, **Scivation XTEND GO™** is the delicious, refreshing, sugar-free way to help anyone grind through a tough morning, a brutal workday, or a grueling gym session.†

Use **Scivation XTEND GO™** to squeeze the most out of your next workout and the most out of everything you do. Never stop. GO!

WARNING: This product is only intended for healthy adults, 18 years of age or older. **DO NOT USE IF PREGNANT OR NURSING.** Consult a licensed, qualified healthcare professional before using this product, including but not limited to, if you have been treated for, diagnosed with, or have a family history of, any medical condition, including but not limited to: high or low blood pressure, diabetes, prostate enlargement, cardiac arrhythmia, stroke, heart, liver, kidney or thyroid disease, depression, anxiety, psychiatric, or seizure disorder, or if you are using a MAOI (Monoamine Oxidase Inhibitor), SSRI, blood thinner (anticoagulant), CNS depressant or sleep medication, or you are taking any other dietary supplement, prescription drug or over-the-counter medication. This product contains caffeine and should not be used by individuals wishing to eliminate caffeine from their diet or in combination with caffeine or stimulants from other sources, including but not limited to, coffee, tea, soda, other dietary supplements and medications. Do not use this product if you have any serious medical conditions. Discontinue use 2 weeks prior to surgery. Immediately discontinue use and consult a licensed, qualified healthcare professional if you experience any adverse reaction to this product. Do not exceed recommendations for use. Use only as directed. Do not use if safety seal is broken or missing. Store in a cool, dry place. **KEEP OUT OF REACH OF CHILDREN.**
