## The Sunfood™ Difference

Golden Milk Super Blend has been formulated by our herbal and superfood experts to be a delicious elixir that helps support healthy joints and mobility.

This sweet super blend contains curcumin-rich turmeric, which is activated by the added black pepper to increase its bioavailability and promote better absorption.

Maca is a sacred adaptogenic superfood, balancing hormones and providing natural energy. Goji berry is naturally sweet and loaded with free-radical fighting antioxidants.

Boswellia is included to help support immune function, while ginger and cardamom support normal digestion. A dash of cinnamon brings all the flavors together harmoniously.

Simply stir into almond or coconut milk and let it go to work.

Sunfood™ Organic Golden Milk Super Blend is certified organic, non-GMO and 100% plant-based.
