- Soothes the throat.††

Warnings

Sore throat warning: if sore throat is severe, persists more than 2 days, is accompanied or followed by a fever, headache, rash, nausea or vomiting, consult a doctor promptly.

Ask a doctor before use if you have

- persistent or chronic cough such as occurs with smoking, asthma, emphysema or chronic bronchitis.
- cough accompanied by excessive phlegm (mucus).

Stop use and ask a doctor if cough lasts more than 7 days, comes back, or is accompanied by fever, rash or persistent headache. These could be signs of a serious condition.

If pregnant or breast-feeding, ask a healthcare professional before use. **Keep out of reach of children.** In case of overdose, seek medical help or contact a Poison Control Center immediately. ▶
