MUSCLEBUILDER GUMMY BURST

DIETARY SUPPLEMENT NET WT. 11.87 oz. (336g)

RESEARCH-BACKED KEY INGREDIENTS. CLINICAL DOSES. FULL TRANSPARENCY. ALL POWER.

New CreaBuild Black Onyx[®] is a powerful musclebuilding plus creatine formula built with ingredients scientifically validated to enhance size, strength, recovery, performance and ATP production. Only our game-changing musclebuilding blend features CinDura[®], a botanical-based strength enhancer, plus 6g of creatine and 2.5g of betaine in a single scoop for max horsepower.▲

► Powerful Musclebuilding with CinDura[®]

The new and exclusive ingredient matrix CinDura[®] is believed to help optimize energy production (ATP) through the mitochondria and combat muscle breakdown through inhibition of the proteasome pathway, facilitating greater strength, endurance and lean muscle. In fact, in a 6-week, randomized, double-blind, placebo-controlled study, subjects taking CinDura[®] as found in CreaBuild Black Onyx[®] increased lean body mass by an average of 5 lbs. vs. just 1.1 lbs. in the placebo group. In the same 6-week clinical study, subjects increased their muscular endurance assessed using leg extensions by an average of 6.6 reps vs. just 2.1 reps by the placebo.▲

A Randomized, Double-Blind and Placebo-Controlled Study on CinDura, unpublished manuscript, 2015.

► Superior Strength & Performance

This formula is also loaded with a class-leading 6g researched dose of creatine, from creatine HCl and creatine monohydrate, plus 2.5g of betaine – two ingredients proven in multiple studies to activate muscle growth and increase strength.▲
