

25G PROTEIN | **5.5G** BCAAS | **1G** CARB

GOLD STANDARD 100% ISOLATE™

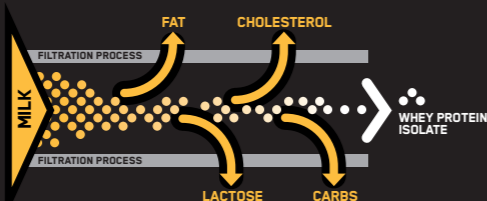

To create GOLD STANDARD 100% ISOLATE™, we start by selecting only the highest quality whey protein which undergoes a series of sophisticated filtration processes to 'isolate' out excess fat, cholesterol, and sugar. A portion of this Whey Protein Isolate is then hydrolyzed - broken down into smaller chains of amino acids - for easier digestion. The final product is a fast digesting complete protein containing no more than 1 gram of carbohydrates, zero grams of fat and more than 80% of pure protein per serving. We put in the hard work to assure superior quality, so you can focus on achieving ambitious performance goals.

BEYOND THE BASICS

- 25 Grams of Pure Whey Protein Isolate
- 1 Gram of Carbs per Serving
- Hydrolyzed and Ultra Filtered Whey Protein Isolate
- Each Serving of GOLD STANDARD 100% ISOLATE™ is Composed of at Least 80% Protein
- Delicious Taste in 6-8 Fluid Ounces of Cold Water
- 5.5 Grams of Naturally Occurring BCAAs
- 4.3 Grams of Naturally Occurring Glutamine & Glutamic Acid
- 11.4 Grams of Naturally Occurring Essential Amino Acids

ULTRA FILTERED FOR EXCEPTIONAL PURITY

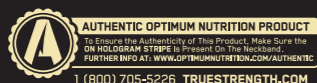

Using a series of sophisticated separation processes, excess fat, cholesterol, sugars, and other materials are removed so that 0 grams of total fat and 1 gram of carbohydrates remain in each serving of Gold Standard 100% Isolate™.
