

PEPPERMINT

This naturally-occurring hybrid species of spearmint delivers a refreshing fragrance. Peppermint's potent, crisp aroma blends well with lavender, lemon, and eucalyptus essential oils.

Ingredient: Peppermint (*Mentha piperita*) essential oil.

LEMON

Universally appreciated, this naturally clean aroma is extracted from the fruit's peel. Lemon's intense citrus aroma with effervescent top notes blends well with eucalyptus, lavender, orange, and peppermint essential oils.

Ingredient: Lemon (*Citrus limonum*) essential oil.

SIGNATURE BLEND

Grapefruit's fresh citrus aroma playfully enhances lavender's sweet floral notes with woody undertones. This harmonious blend of inspiring scents mimics a luxurious spa environment.

Ingredients: Grapefruit (*Citrus paradisi*) and Lavender (*Lavandula angustifolia*) essential oils.

Directions: Add a few drops to an aromatherapy diffuser to enjoy the fragrances of nature. For more information, visit: sparoom.com/essential-oil-use
